

How to Add Imported Bookmarks

Step 1: Download the special HTML file containing Brooklyn FI's suggested bookmarks.

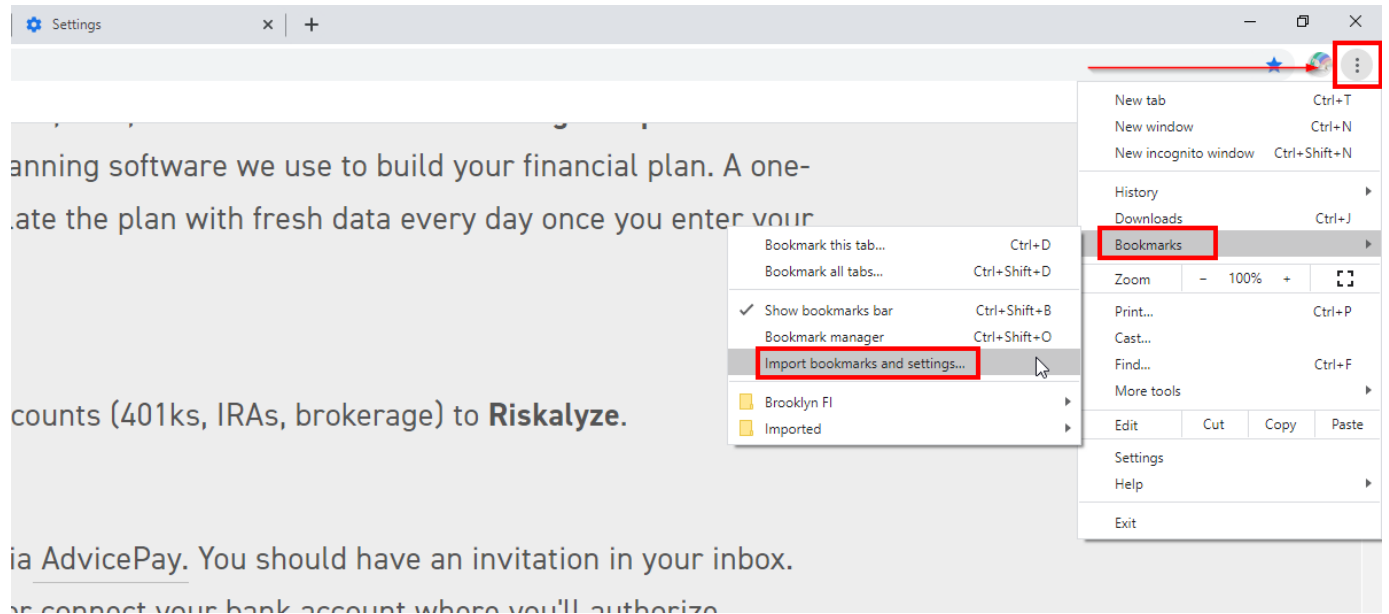

STEP 1: BOOKMARK US (AND ALL THE OTHER STUFF YOU'LL NEED)

We love a good bookmark - you know those handy icons at the top of your browser window to all your favorite websites. Instead of saving every login and website, we've created a pre-populated bookmarks folder FOR YOU. All you have to do is download the special file below and add it to Chrome. Don't use Chrome? We highly recommend it!
